

Announcement of the Establishment of the Greenhouse Gas Management Certification Unit

University of Phayao, 2020 (B.E. 2562)

In recognition of the necessity to establish a unit certifying the management of greenhouse gases at the University of Phayao, the University has decided to form a certification unit to conduct inspections and audits of greenhouse gases and projects aimed at reducing greenhouse gases. This initiative aligns with the global and national efforts to address climate change and the phenomenon of global warming. The establishment of this unit is in accordance with the authority vested in the University of Phayao under Section 33 of the University of Phayao Act 2010 (B.E. 2553).

The decision was made by the University of Phayao's Board of Directors during its 9th/2020 meeting on May 27, 2020 (B.E. 2562). The following announcement is hereby issued:

Article 1: This announcement is titled "Announcement of the Establishment of the Greenhouse Gas Management Certification Unit at the University of Phayao, 2020 (B.E. 2562)."

Article 2: This announcement shall be effective from the day following its publication.

Article 3: The Greenhouse Gas Management Certification Unit at the University of Phayao is established as a sub-unit within the Renewable Energy and Environmental Research Center of the School of Energy and Environment, University of Phayao. It is designated as an academic service unit of the University of Phayao.

Article 4: The University President shall ensure the implementation of this announcement. In cases where issues arise regarding enforcement or compliance with this announcement, the University President has the authority to interpret and adjudicate, with their interpretation being final.

Announced on August 2, 2020 (B.E. 2562).

(Associate Professor Dr. Supakorn Pongbangpho)

President

University of Phayao
